V. Resolutions of the 44th Session held at Bikaner, 21st-22nd February, 1976.

Resolution II: To enable the people to appreciate the historical background of our contemporary national efforts towards a new system of land relations, the National Archives, the different State Archives, and the universities and learned institutions are requested to bring out monographs on relevant subjects, particularly to indicate the evolving pattern of land rights, together with specimens of the different land records at the village level in different parts of the country at different times. The Standing Committee of the Commission is requested to work out a phased programme and to coordinate the countrywide effort.

National Archives of India: The resolution was placed before the Standing Committee at its Seventh Meeting held on 28th November, 1977. The Committee discussed at length the resolution and was of the view that the universities and learned institutions be strongly urged to undertake such publications in cooperation with the National Archives of India/State Archives as they possess the requisite expertise.

Resolution III: Resolved that on behalf of the Indian Historical Records Commission, circulars in the form of appeals be sent to political leaders and men of eminence in different walks of life to preserve their private, demi-official or official correspondence for the benefit of the future.

National Archives of India: A comprehensive list of the eminent persons along with their complete addresses has already been sent to the Education Ministry. It is proposed that after the Education Minister has issued an appeal through the All India Radio, T.V. and Press, the D.O. letters, would be addressed by the Director of Archives to the eminent persons.
